# 1. PREAMBLE

## 1.1 INTRODUCTION

The Phoenix CRS Reporting Tool has been specially designed to generate XML files required by the CRS regulations from an initial Excel file input. The aim of this document is to assist you through the preparation of this Excel file.

If you have any question, please do not hesitate to contact our team : [helpdesk@phoenix.mc](mailto:helpdesk@phoenix.mc).

You will also find in this document some information regarding reporting specificities that may apply in some jurisdictions. This information is purely indicative and may not be comprehensive. It does not supersede the applicable local regulations.

The Phoenix CRS Reporting Tool is currently up and running for the following jurisdictions:
